

THIRD
SECTOR
IMPACT

Measuring impact.
Enhancing visibility

**The Third Sector Impact project:
Contribution to the Measurement
of the Third Sector in Europe**

Brussels June 1st, 2015

Bernard Enjolras

Deputy Director Institute for Social Research, Oslo

Coordinator Third Sector Impact

Third Sector Impact

Measuring impact. Enhancing visibility.

The stakes

- Third sector: ‘renewable resource’ for social and economic problem-solving in Europe.
- The Third Sector in Europe is characterized by a lack of:
 - Identity
 - Awareness
 - Information
 - Data
 - Barriers and Supports
- Need to develop a clearer understanding of the third sector’s:
 - scope and scale,
 - existing and potential impacts
 - and the barriers impeding its impact
- The TSI project aims at filling this gaps in knowledge and awareness

Five Objectives

- ▣ Concepts
- ▣ Measurement
- ▣ Impact
- ▣ Barriers
- ▣ Stakeholders

THIRD
SECTOR
IMPACT

Measuring
impact.
Enhancing
visibility.
